SG Coach Level 1 Integrated Program for Swimming

The deadline for submission of your quote and company profile is **18 June 2017 (Sunday)**.

(A) About the Project

SG Coach Level 1 Integrated Program for Swimming.

Singapore Swimming Association is embarking on a review of the current National Coaches Accreditation Program Level 1 Technical.

The current program has been in use for a decade and needs a revamp to match towards the higher expectations set by SportSG as well as to tweak the teaching methods to meet current trends.

The new program will be created in conjunction with CoachSG and be named as the SG-Coach Level 1 Swimming Program.

This will be an integrated program which encompasses both theory and technical modules.

The Modules will be as follows (subject to changes)

- a) Values and Principles in Sports
- b) Coaching Delivery and Philosophies / Physical Literacy
- c) Sport Development Systems
- d) Communication and Relationship Building
- e) Water Safety In Coaching: Risk Management and Designing of Sports Training
- f) Lesson Planning / Class Organisation
- g) Hydrodynamics / Stroke Techniques / Survival Techniques
- h) Long Term Athlete Development

Objectives of the modules can be found in Annex A.

(B) Requirements

The successful Vendor shall fulfil the following requirements:

- Provide a brief background of the writer and samples of past work in similar projects
- Provide an itemised breakdown for the following
 - 1) Writing of program which includes the following
 - Lesson Plan for each module
 - Provision of teaching guide including presentation slides for each module
 - Provision of learners' guide in notes for each module
 - Assessment Plan for each module

The successful vendor will also be required to make any changes to the aforementioned lesson plans, teaching guides, learners' guides and assessment plan should there be any changes upon review.

All Intellectual Property Rights shall belong to Singapore Swimming Association throughout the period the material is being developed and while modules are conducted.
